BACKGROUND INFORMATION

In the spring of 2000, the California State Library developed a joint use facility survey to identify where existing facilities were located on a statewide basis; how they were governed; the school level(s) of the facility; and other pertinent information (i.e., hours of service, staffing levels, joint agreements, etc.)

The survey was forwarded to 179 public library jurisdictions. The response rate was 95% with 170 public libraries responding. A list of 43 joint use facilities, based on data reported by 25 public library jurisdictions is appended.

Information showing geographic locations and school levels is briefly summarized:

      18 – Elementary School and Public Library Facilities

       6 – Middle School and Public Library Facilities

      13 – High School and Public Library Facilities

       1 – Elementary School, Middle School and Public Library Facility

       1 – Elementary School, High School and Public Library Facility

       1 – Elementary School, High School, Middle School, and Public Library Facility

       1 – High School, Middle School and Public Library Facility

       1 – Bookmobile that services school and Public Library

       1 – Shared facility Health Services, Sheriff's Office and Public Library Facility
